

## **FCAVBR Annual meeting,**

**October 6, 2019**

The annual meeting was held at the Christiansburg Recreation Center, Senior Lounge.

A very interesting presentation by Kim Garnett, anatomy lab manager, on the cadaver program at Via Medical College sparked a lot of questions. The Virginia State Anatomical Program supplies 6 medical schools, 17 colleges and universities, 5 community colleges, and 2 biomedical institutions in the state. If you intend to be an organ donor, this program is not for you. It requires whole bodies. No matter what you decide, it is important to make your wishes known to your family and consider designating an agent to ensure your wishes are followed.

The proposed slate of board members (Ben Crawford, Wava Osborne, Dianne Rencsok) was elected for a three-year term.

At the conclusion of the meeting, the Board of Trustees convened to elect officers for the coming year. Elected were

- Sandy Schlaudecker, president
- Darrel Clowes, vice president
- Harriett Cooper, secretary
- Dianne Rencsok, treasurer.

The Annual Report is included in the Fall 2019 newsletter

The board meets monthly on the third Thursday, 1:30–2:30 PM at Luther Memorial Lutheran Church on Prices Fork Road in Blacksburg. Board meetings are always open to members and visitors.
